## Synopsis:

- As a group, we discussed how the final reports for the coding project, development project, and the final presentation would play out. Nick suggested he would take care of sections 1-2 of the coding project report, Christian decided he would concentrate on sections 3-5, Jose would work on sections 6-7, and Marcos would finish the upkeep of the document and focus on the 2-page summary. Nick also said he would handle the development part of the presentation slides, Christian would handle the requirements presentation slides, Jose would handle the project issues, and Marcos would handle the description aspect of the slides. The final arrangement on how to handle the final report due the 2<sup>nd</sup> of December will be handled next meeting.

## Recent Accomplishments:

Nick has finished debugging and connecting all scenes to one another, also finding time to add a fuel gathering minigame and add even more sounds/media for the game. Christian finished a majority of his animated backgrounds for the game, while Marcos has finished implementing his Simon says radar minigame. Jose has finished his Andromeda galaxy scene, also finding time to implement a text-based Pirate minigame scene. As a whole, the group presented their coding project to the entire class on November 17<sup>th</sup>.

**Current Activities:** Marcos will work on his parts of the coding report/development final presentation, as will Nick, Christian, and Jose. Nick will maintain weekly minutes this week after having Marcos contribute to finishing last week's weekly minutes.

## Action Items:

Nick: Weekly Minutes, Coding Report Sections 1-2, Design Presentation Slides

Marcos: Coding Report Summary, Description Presentation Slides, Coding Report Finalization

Christian: Coding Report Sections 3-5, Requirements/Testing Slides
